Mr. L. L. Sagendorf,
County Supt. of Poor,
New Paltz, Ulster County, N. Y.

Dear Sir:

We recently made an inspection of the pole line owned and maintained by the County of Ulster, used to supply electric service to the Ulster County Farm.

This line is in very poor operating condition and should in our opinion be rebuilt.

The estimated cost of re-building this line is approximately \$2,300.

I am calling this to your attention with the suggestion that you take it up with the proper authorities, and we would appreciate it if you would send us an order to place the line in good operating condition. While we estimate this construction work will cost the figure estimated above, we will guarantee it will cost no more and if after the receipt of this order the line is re-constructed and total cost of such work does not amount to \$2,300, we will of course bill you for the actual cost of the job.

Yours very truly,

To the Board of Supervisors of the County of Ulster:

Gentlemen:

The Public Service Commission by an order made in Case No. 1146 ordered the elimination of a grade crossing at West Park, in the Town of Esopus, Ulster County, New York, and in order to effect such elimination it was necessary for the acquisition of certain lands from H. S. Klingelhoffer. Negotiations have been had with Mrs. Klingelhoffer for the acquisition of the lands and she has offered to sell and convey the same to the County of Ulster for the sum of \$5,000.00.

The cost of this elimination is borne partly by the State, partly by the County and partly by the New York Central Railroad Company.

I communicated the offer to the New York Central Railroad Company, who, under date of June 23rd, have approved of the purchase of the lands in question for the sum of \$5,000.00.

I therefore recommend that the offer of Mrs. Klingelhofer, to convey the necessary premises to the County of Ulster, be accepted.

STATE OF NEW YORK
TAX DEPARTMENT

Albany, November 11, 1926.

Board of Supervisors, Ulster County, N. Y.

Gentlemen:

The State Tax Commission pursuing its policy adopted several years ago, furnishes herewith, Boards of Supervisors with information relating to the rate of assessment of real property for their guidance in preparing the county equalization table, in accordance with the provisions of Section 171, of the Tax Law, which section makes it the duty of the

Commission to assist officials charged with the duties relating to the assessment of property for the purposes of taxation. The section further provides that the Commission shall equalize the full value of Special Franchise property with other real property in the town, city or village in which the special franchise property is situated.

In the performance of this duty, the Commission has caused an investigation to be made in each tax district of Ulster County for the purpose of determining the rate of assessment of real property situated therein, and has in its files a list of sales of real property in each such tax district showing the sale price and the assessed valuation in relation to each sale. Based upon this list of sales and such other information as the Commission has been able to gather, the rate of assessment of real property for each tax district of Ulster County has been fixed and determined by the Commission for the year 1926 as follows:

City of Kingston-----60 %	
Town of Denning-----50 %	Town of Olive-----20 %
Town of Esopus-----37 %	Town of Plattekill-----20 %
Town of Gardiner-----37 %	Town of Rochester-----40 %
Town of Hardenbergh-----28 %	Town of Rosendale-----25 %
Town of Hurley-----50 %	Town of Saugerties-----55 %
Town of Kingston-----55 %	Town of Shandaken-----33 %
Town of Lloyd-----45 %	Town of Shawangunk-----75 %
Town of Marbletown-----56 %	Town of Ulster-----35 %
Town of Marlborough-----29 %	Town of Wawarsing-----17 %
Town of New Paltz-----26 %	Town of Woodstock-----28 %

This information is furnished for your consideration in making the county equalization this year with the hope that it may prove to be of assistance in your work. If you should desire to examine the list of sales, the Commission will be glad to arrange for you to do so.

It should be borne in mind that the rates as set forth above are based upon the assessed valuations of the respective tax districts for the year 1925 and do not reflect any changes which may have been made in the assessed valuations for the current year. If any substantial changes were made in any of the tax districts for the year 1926, they should, of course, be given due consideration and the rate modified accordingly.

This communication is sent to you in the spirit of co-operation, the Commission realizing that it is often difficult for the Board of Supervisors

to obtain information in relation to equalization matters of the character herein referred to.

Very truly yours,

STATE TAX COMMISSION,
By DANIEL R. SPRATT,
Deputy Commissioner.

Kingston, New York, November 16th, 1926.

To:

The Board of Supervisors of Ulster County.

Gentlemen:

The Board of County Auditors have had presented to them for audit, bills for the operation of the Tuberculosis Hospital, which have practically exhausted the appropriation made for that purpose, and of the appropriation made last year for the maintenance of the hospital, there remains in the hands of the Treasurer the sum of \$64.63 unexpended.

Claims and bills for maintenance of the Tuberculosis Hospital have now been presented for audit and have been audited by us aggregating the sum of \$1,675.59, which will overdraw the appropriation made by this Board, and before the next annual appropriation becomes available, other claims and bills will be presented for audit, so we deem it necessary that an additional appropriation of \$2,500.00 be made to defray the expenses already incurred, and those which may be hereafter incurred prior to the time when the annual appropriation shall be available for use.

Respectfully submitted,

HERBERT E. THOMAS,
LUTHER DUSINBERE,
JOSEPH F. SCOTT,
Board of County Auditors.

VETERANS' MEMORIAL HOSPITAL
OF ELLENVILLE, N. Y.

November 17th, 1926.

Board of Supervisors of Ulster County, New York.

Gentlemen:

Your Board has on two occasions appropriated the sum of \$2,500 toward the building program of the Veterans' Memorial Hospital of Ellenville, N. Y.

When the present Hospital was erected funds were not available for suitable quarters for nurses. It was also impossible to provide for the proper care of mothers and babies in a ward distinct from the main Hospital section. There was further necessity for going without certain important equipment, notably an X-Ray outfit.

During the past year a building already on the premises has been converted into a comfortable Nurses' Home at an expense of approximately \$4,000. There has also been purchased a suitable X-Ray equipment costing something over \$2,000.

The X-Ray equipment has been paid for through local contributions and about \$1,500 has been donated by friends of the Hospital toward the Nurses' Home. There thus remains an indebtedness covering these two items of new construction and equipment of \$2,500.

While the patronage of the Hospital has grown during the past year there is still an operating deficit of approximately \$3,000. This sum will be covered by local voluntary contributions.

The Hospital is in most urgent need of a suitable addition to the present plant for the proper care of mothers and babies. This branch of the Hospital service has steadily increased and now seriously encroaches upon the general work of the institution. It is thus imperative that a sum of from eight to ten thousand dollars be promptly made available for this undertaking.

In view of our present indebtedness growing out of necessary new work during the past year and also necessary losses from operating expenses over receipts, it is impossible to raise locally sufficient funds

for the erection of the new ward the necessity for which has been herein set forth.

You are aware of the fact that the Veterans' Memorial Hospital serves a large section of the County that would otherwise be entirely without the comfort and help rendered by such an institution. We believe you will agree with us that the County may quite properly assist in providing such a necessary institution with a plant and equipment sufficient for the urgent needs of the residents of the County and for the thousands of people who patronize the resorts of this region during the summer months.

We trust you may deem it proper at this session of your Board to make an appropriation of \$2,500 to the Veterans' Memorial Hospital of Ellenville, N. Y. to be expended for construction purposes as herein outlined.

Yours very truly,

M. EUGENE CLARK,
President.

Dear Sir:

In accordance with the provisions of Section 22 of the Highway Law, the present bridge structure at Station 393+90 in the Town of Shandaken, Ulster County, on the Ulster-Delaware Part 2, Highway No. 117, has been condemned by an official order of this Bureau dated November 22nd, 1926, the structure being of insufficient width to accommodate present day traffic. THE STATE CHARITIES' AID ASSOCIATION
CHILDREN'S COMMITTEE FOR ULSTER COUNTY

December 1, 1926.

Board of Supervisors of Ulster County.

Gentlemen:

It will be recalled that in the year 1925, your Board appropriated for the Ulster County branch of the State Charities' Aid Association the sum of \$3,000.00, and it is with a view of giving an account of our stewardship that we submit the enclosed report. This report speaks for itself.

The affairs of the Society are most efficiently and economically administered by the Children's Agent, Mrs. Mary C. Doremus.

The Society has very much appreciated the appropriation of \$3,000.00 for 1926 and asks that this amount be appropriated for 1927.

Yours very truly,

ULSTER COUNTY COMMITTEE OF THE
STATE CHARITIES' AID ASSOCIATION.
E. E. FESSENDEN, President.

State of New York, County of Ulster, ss.:

Lewis Hulsair, Jr., being duly sworn deposes and says: that he is the Supervisor of the Town of Kingston, in the County of Ulster, in the State of New York; that on the tax roll of the Town of Kingston for the year 1925, the following assessments appeared:

"Battiato, Frank, Sawkill District No. 1 Morey Hill West side of road. Part of lot 40 B. C. Bldgs. Bd. N. lot 41, E. 52, S. 39, W. 28. 30 A. Valuation \$250.00."

"Messina, W. P., Sawkill District No. 1, Morey Hill, West side of road. Lot 40 B. C. Bldgs. Bd. N. lot 41, E. 52, S. 39 W. 28. 30 A. Valuation \$450.00."

That both of the assessments aforesaid cover one and the same property, which in 1925, was owned by Frank Battiato, who paid the tax upon the assessment first above mentioned made against his property; that the second description above set forth assessed against W. P. Messina is a duplicate assessment and erroneous and void.

Wherefore, the deponent makes this affidavit for the purpose of furnishing the Board of Supervisors with information as to the error in such assessment and for the purpose of predicated a resolution to cancel the same.

LEWIS HULSAIR, JR.

Subscribed and sworn to before me
this 7th day of December, 1926.

JOHN W. ECKERT, Notary Public.

I hereby certify that the assessment against property listed on the assessment roll for the year 1925 for the Town of Wawarsing, as follows:

Name, Chester Young; Acres, 90; Amount, \$2,080.

Insofar as the said assessment applies to the Napanoch fire district, was in error, inasmuch as the said property was not and is not now within the bounds of said fire district.

Assessor, Town of Wawarsing.

To:

The Board of Supervisors of Ulster County:

Gentlemen:

In the construction of the Wallkill-Ireland Corners County Highway Petition No. 3914 Ulster County, it was necessary to acquire from the City of New York, an easement for highway purposes across its property, in accordance with maps Numbers 21, 25, 27, 28, 33 and 34 r-1 of the right-of-way maps for said road.

I have duly made application to the Sinking Fund Commission of the City of New York for such easements, and to the Commissioners of Water Supply, Gas & Electricity, for permission to temporarily occupy the premises.

The Department of Water Supply, Gas & Electricity have granted the permission on certain conditions set forth in their letters of October 6th and October 19th, which are hereto annexed.

I therefore suggest and recommend that a resolution be adopted by this Board in compliance with the terms and conditions that they set forth.

Respectfully,

JOHN W. ECKERT,

OFFICE OF THE BOARD OF ELECTIONS
ULSTER COUNTY.

Kingston, N. Y., January 20th, 1926.

To the Board of Supervisors of Ulster County:

Gentlemen:

Pursuant to Section 34 of the Election Law, the Board of Elections for the County of Ulster respectfully submits its report for the year 1925.

The first work of the year was the completing and publishing of the enrollment for the year 1924-1925, which showed a total enrollment of 26,476 as follows: Republican 17,914: Democratic 8,393 and Socialist 169. The publication thereof was compiled by election districts and the same was distributed to the different county committees and to those applying for copies. Certified copies of said enrollment were also transmitted to the Secretary of State and to the chairman of the proper committee of each party.

PRIMARY ELECTION.

The official Fall Primary was held on the 15th day of September, 1925, and this Board performed the preliminary detail work in connection with said Primary election. Notices of such election, and list of polling places were duly published, petitions examined and drawings for position held. This Board also provided 19,320 official and 1,650 sample Republican ballots, and 9,170 official and 1,300 sample Democratic ballots.

The result of this election as canvassed by this Board showed a total vote cast thereat of 3,484 among parties as follows: Republican 2,569 and Democratic 915, and a complete report of this canvass was duly filed in the office of the Secretary of State.

The whole amount necessarily expended by this office for the preparation and conduct of this Primary Election was \$2,483.30.

REGISTRATION OF VOTERS.

Registration for the year 1925 was held on October 9, 10, 16 and 17 as provided by statute, and this board supplied 40,000 copies of the context of amendments to be submitted voters and the necessary supplies and equipment for the registration of 45,170 voters of which the non-personal registration was 33,060 and the personal registration 12,110.

ABSENTEE VOTERS.

There was received 470 applications for Absentee Voters Ballots. This large number of applications for ballots increased the work of this Board to quite some extent, however all applications were examined and passed upon by this Board and special ballots for voting were mailed to those whose applications were granted, and the large majority of these votes were returned in time to be canvassed with the other votes in their respective election districts on Election Day.

GENERAL ELECTION.

General Election was held on November 3rd, 1925 and in pursuance to the provisions of the Election Law this Board caused the notices of the General Election to be published and lists of nominations to be posted throughout the County.

For the proper carrying on of the general election this office prepared and furnished 47,000 official ballots and 5,000 sample ballots for General Officers, also 40,000 official and 5,000 sample ballots for Amendments, besides miscellaneous supplies and equipment, and caused the same to be delivered to the various Town Clerks throughout the County.

The officers of this Board were in attendance at the official canvass by the Board of Supervisors, and certified the result of the election to the Secretary of State.

ENROLLMENT OF VOTERS.

The work of compiling lists of the enrolled voters for 1925-1926 was started November 24th, and completed December 19th, and the lists are now in the hands of the printer and will be ready for distribution during the month of February.

The completed tabulation shows a total enrollment of 25,514 of which there are Republican 16,765, Democratic 8,690, and Socialist 59.

For this work this Board employed special clerks at an expense of \$1,390. As the work of printing the enrollment is not as yet completed, the cost can only be estimated at approximately the same as last year, \$2,004.

VOTING MACHINES.

Five Towns comprising twenty-one election districts in our County are now using voting machines for general election purposes. These machines in so far as your Board has been able to ascertain have been giving entire satisfaction, as well as having met with general approval.

While no material saving is apparent through the partial use of these machines, it is quite evident that a considerable saving in the expense of this office could be shown were voting machines to be generally used throughout the County.

A summary of the expense incurred by this office for the year 1925 is as follows:

Primary election -----	\$ 2,483.30
Registration of voters -----	1,359.38
General election -----	6,781.98
Enrollment (estimated) -----	3,394.00
Extra clerk hire -----	235.00
Miscellaneous -----	12.25
Total -----	\$ 14,265.91

All of which is respectfully submitted.

Respectfully,

JOHN A. NOCK,
GEORGE B. TRUMBOUR,
Commissioners of Election, Ulster County.

ANNUAL REPORT OF COUNTY HIGHWAY OFFICIALS.

December 27, 1926.

To the Honorable, The Board of Supervisors of Ulster County:
Gentlemen:

The work of constructing the several County Roads in this County pursuant to your resolution has been carried on under the direction of

your Highway Officials, who have, from time to time, inspected, supervised and directed the operations then being carried out by the gentlemen in immediate charge of the work; such construction work in general, was under the immediate supervision of eight Foreman appointed by the County Superintendent of Highways with the approval of the Town Boards and eleven were under the direction of Town Superintendent of Highways designated by the County Superintendent. The work undertaken and accomplished by the several foreman and Town Superintendents has in general been satisfactory to your Highway Officials. In some case it was found necessary to correct the character or general line of work which was then being done; in others, it was necessary for your Officials to give such direction in the matter of construction which in their minds would be conducive to a more satisfactory form of highway construction. It has been the policy of your Highway Officials to encourage and instill in the minds of those who are in immediate charge of the work, a certain degree of pride, willingness and desire to continue a condition which is proof of the justification of appropriating State and County funds for the construction of County Roads. We believe that a far better result could be accomplished both as to greater efficiency and economy and a more uniform character of work produced if the whole system was worked under one unified and centralized system of accounting and construction using the County as a unit and not using the Town as a unit, which system is now in vogue.

There has during the past season, been constructed in this County twenty-four and eight tenths (24.8) miles of County Roads. There having been appropriated to this County by the State the sum of Fifty-five thousand four hundred forty dollars to which sum has been added the sum of Seventy thousand two hundred forty-eight dollars and seventeen cents, as provided for by you together with the Motor Vehicle Fund in the sum of Ninety two thousand three hundred eleven dollars and eighty-three cents; also the sum of Seventy-two thousand six hundred sixty-six dollars and sixty-six cents appropriated by the several Towns in which the work was carried on, together with a balance from 1925 of Twenty-seven thousand dollars making a total available working fund for the year 1926 of Three hundred seventeen thousand six hundred sixty-six dollars and sixty-six cents.

With exception of the Towns of Denning and Hardenbergh the pavements constructed this season consisted of Bituminous macadam using Standard Binder "B" Asphalt of which a total of Four hundred fifty-eight thousand seven hundred ninety one gallons were ordered, as requested by the several jobs.

All funds appropriated by the County and State to be paid out by the County Treasurer have been disbursed by the County Treasurer upon orders issued by the County Superintendent of Highways countersigned by the Chairman of the Board of Supervisors in accordance with law and resolutions adopted by your Board.

In the Town of Denning the work was carried on under the direction of John Coddington, Town Superintendent of Highways, which consisted of Water Bound Macadam, such form of construction in this particular Town being satisfactory to meet the local requirements.

In the Town of Esopus the work was performed under the direction of Mr. Warren K. Van Vliet, Town Superintendent of Highways and consisted of an extension of County Road No. 4 running through Union Center.

In the Town of Gardiner Road No. 6-a being an extension of the work started last year and running southerly from the Village of Gardiner was completed under the direction of Mr. Cornelius Donahue, Town Superintendent of Highways.

In the Town of Hardenbergh extension of work accomplished last year was carried on under the direction of Mr. George E. Stewart, Town Superintendent of Highways.

In the Town of Hurley Road No. 9 known as Lucas Avenue was extended; such work calling for a large amount of rock excavation and grading together with the construction of the bituminous macadam pavement. This work was carried out under the direction of Mr. John A. Hiller, as Foreman.

In the Town of Lloyd a portion of Road No. 11 was constructed from a point near the Village of Clintondale and running toward the Clintondale Station, such work having been under the direction of Mr. James Donovan, Town Superintendent of Highways.

In the Town of Marbletown Road No. 13 known as the Atwood Road was completed from Atwood to the Town of Olive line; this work called for a considerable amount of rock excavation and new alignment of road together with the construction of a bituminous macadam pavement which was done under the direction of Mr. Arthur Hasbrouck, as Foreman.

In the Town of Marlborough extension of work began last year was carried out under the direction of Mr. Calvin E. Staples, Town Superintendent of Highways.

In the Town of New Paltz additional stretches were constructed on Road No. 18-a know as the Spring Glen road and was under the immediate direction of V. T. Pine, Town Superintendent of Highways.

In the Town of Olive extension of Road from Davis' Corners toward Atwood being the completion of Road started during another season; the work was under the direction of Mr. Clarence Donahue, as Foreman.

In the Town of Plattekill an additional mileage was constructed on Road No. 25 under the direction of Mr. Rulieof Ward, Town Superintendent of Highways.

In the Town of Rochester Road No. 26 was extended under the direction of Mr. John Vandermark.

In the Town of Rosendale Road No. 30-b was started, running from the Cottekill Station towards Binnewater. This work was under the direction of Mr. Otis Krom, as Foreman.

In the Town of Saugerties Road No. 34 running from Mt. Marion toward Highwoods was extended under the direction of Mr. Sauley Felten, as Foreman.

In the Town of Shandaken Road No. 37 running from Big Indian toward Oliverea was extended under the direction of Mr. Warren Holden, as Foreman.

In the Town of Shawangunk Road No. 40 was extended under the direction of Mr. David C. Stewart, Town Superintendent of Highways.

In the Town of Ulster Road No. 43 running toward Ruby was undertaken and completed for a distance of ninety-five hundredths of a mile; being under the direction of Mr. John Halwick, Town Superintendent of Highways.

In the Town of Wawarsing Road No. 44 known as the Greenfield Road was extended under the direction of Mr. Ernest Sarr, as Foreman.

In the Town of Woodstock Road No. 46 running from Bearsville toward Mt. Tremper was extended under the direction of Mr. Stewart Jones, Town Superintendent of Highways with Mr. Lewis Suyder, as Foreman.

The mileage constructed and the amount available in the several Towns are indicated in a table accompanying this report, showing the Towns, mileage constructed, amount appropriated by the Town, amount appropriated by the County, the amount appropriated by the State and the amount received from the Motor Vehicle Funds together with such

balances from the County Treasurer left over from the year 1925. From this table it would appear that during the past year there was constructed in this County a total of twenty-four and eight-tenths miles with an available fund of Three hundred seventeen thousand six hundred sixty-six dollars and sixty-six cents which would indicate an average expenditure of about thirteen thousand dollars per mile. This average sum per mile was in some cases increased and in others decreased depending upon the preparation of the road bed prior to the placing of the bituminous pavement and to certain other details entering into the construction of the road. With the exception of the Town of Rosendale all stone used in the construction of the bituminous pavements was prepared for use on the roads by the Town forces and machinery, but in the case of Rosendale, the material was purchased from a local commercial quarry. We believe that the Town of Rosendale should equip itself with the necessary and proper machinery to overcome this slight objection. We also believe that all work should be done under the direction of a competent foreman duly appointed. There is a certain objection in many cases of the Town Superintendent acting as the superintendent of an individual road job and we have found to our satisfaction that a more uniform character of work can be accomplished by the orders and directions issued by your Highway Officials to the Foreman appointed than through the elected Town Superintendent.

Again we desire to call your attention to the absolute importance in the question of maintenance and repairs of the several County Roads already constructed in this County. In many cases they are being neglected and allowed to fall into a state of ill repair and unless something definite is done toward maintaining and repairing these roads under the direct supervision of your Committee a great deal of the benefits derived from the money expended are going to be lost.

In all cases we have found the several Foreman and Town Superintendents ready and willing to co-operate with us and we acknowledge our full appreciation for this co-operation.

All of which is respectfully submitted.

We recommend that the salary of the County Superintendent of Highways be fixed at the sum of \$3,500.00 as above stated, and that such salary be in lieu of all compensation for services rendered and personal and traveling expenses, which may be incurred by him in the performance of his duties, including services and expenses, as aforesaid, in relation to County roads, constructed under the provisions of Section 320 and 320-a and 320-b of the Highway Law.

Where the clerks in the County Clerk's office are divided into grades, "A", "B", "C", "D" and "E", Grade "A" shall be composed of such clerks as have had not less than five years experience in the position which he or she occupies; Grade "B" shall be composed of such clerks as have had, not less than four years experience, nor more than five years experience in the position which he or she occupies; Grade "C" shall be composed of all clerks in such office as have had, not less than three years experience, nor more than four years experience in the position which he or she occupies; Grade "D" shall be composed of all clerks in such office as have had not less than two years experience, nor more than three years experience in the position which he or she occupies; and Grade "E" shall be composed of clerks having less than one year's experience in the position which he or she occupies.

On or before January 1, 1927, the County Clerk shall certify to the County Treasurer the number of clerks in each of the several grades hereinbefore mentioned, and the County Treasurer shall continue to pay such clerks in accordance with such certificate until the County Clerk certifies that any particular clerk shall have become entitled to be classified in a different grade, by reason of period of service, and upon the filing of such a certificate, the County Treasurer shall thereafter pay in accordance with the salary prescribed for such grade.

The word "recording clerks" as used with relation to the County Clerk's office shall not limit the scope of the employment of the clerks to the recording of instruments and it shall be the duty of such clerks to perform any duty in relation to the office which may be designated by the County Clerk irrespective of the title given them in this report.

The salary of the County Judge and the Judge of the Children's Court has been fixed at \$6,200.00, of this amount \$5,000 is the salary of the County Judge as fixed by law, and \$1,200.00 is fixed as his salary as Judge of the Children's Court.

For a number of years Margaret Riseley, was the stenographer for the County Court and was paid a per diem fee out of the court and jury fund, under the certificate of the County Judge. Miss Riseley has resigned and a new stenographer will now have to be appointed in her place and stead; and we think that the previous arrangement for the payment of the services of a stenographer to the County Court are very unsatisfactory and are advised by both the County Attorney and the County Judge, that the legality of such payment is questionable. We have, therefore, recommended, and do hereby recommend, the establishment of the position of stenographer to the County Court at a definite fixed salary as above mentioned.

During Miss Riseley's incumbency, we are advised by the County Judge, that owing to her great interest in Children's Court work, she acted not only as County Court Stenographer but as Clerk of the Children's Court as well, without any definite fixed salary or compensation, except as the same could be adjusted from time to time through her compensation as stenographer of the County Court. It will, therefore, be necessary to have someone to act as Clerk of the Children's Court, which, while an exacting position, does not require the services of an expert stenographer, but will require that the incumbent of the office spend practically all of his or her time in performance of the duties of the office. Owing to the work of the Children's Court and the intimate relations of families which are oftentimes given publicity to in that Court, the County Judge and this Committee, both feel that the position is a highly confidential one and should be put in the exempted class under the Civil Service Law. We, therefore, recommend that the position of Clerk of the Children's Court be established at a definite fixed salary as hereinbefore set forth, and we further recommend that the Civil Service Commission be requested to exempt that position from examination.

We, therefore, recommend that there be appropriated and that there be assessed and levied upon the taxable property of the County of Ulster, the following amount, to-wit: \$61,179.92 which amount together with the amounts heretofore transferred by this Board to the salary account of the several county offices and employees will be sufficient to meet the salaries required to be paid during the ensuing year.

We further recommend that there be appropriated and assessed and levied upon the taxable property of the County of Ulster in addition to the amount above stated the sum of \$1,650.00 to pay the salaries of the Deputy Clerk and assistant clerks of this Board as authorized by a resolution adopted January 5th, 1926.

We further recommend that in addition to the amount above stated, there be appropriated and assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, the sum of \$3,400.00, to pay the salaries of the County Superintendent of the Poor and the County Sealer of Weights and Measures.

We further recommend that the salary of the County Treasurer as fixed by this report, shall be in full for all services rendered by him as County Treasurer, and that he shall not be entitled to any additional fees; except that nothing herein contained shall apply to the fees to which he is entitled for acting as Transfer Tax Appraiser under the Transfer Tax Law in relation to the tax on decedent's estates.

Total for County-----				198.23	\$9,900.00

That we have examined the report of the County Treasurer, relative to the amounts paid out during the past year for Lunacy Examinations, which was referred to us, and we find from the books of the County Treasurer that the same is correct; and we find that the County Treasurer has paid out on behalf of the respective Towns and the City of Kingston for examinations in lunacy, the following amounts:

Esopus -----	\$110.00	Rosendale -----	\$ 80.00
City of Kingston -----	290.00	Saugerties -----	90.00
Lloyd -----	40.00	Shandaken -----	20.00
Marbletown -----	60.00	Ulster -----	10.00
New Paltz -----	40.00	Wawarsing -----	10.00
Plattekill -----	10.00	County at large-----	40.00
Rochester -----	20.00		
Total -----			\$820.00

We, therefore, recommend that there be assessed and levied upon the taxable property of the said Towns and the City of Kingston, the amounts necessary to reimburse the County Treasury of Ulster County on account of such payments.

That we have examined the statements of the State Conservation Commission as to the amounts chargeable to the several Towns of the County for expenses in fighting forest fires, which were referred to us, as follows:

Denning -----	\$ 4.62	Rochester -----	\$ 19.77
Gardiner -----	17.50	Saugerties -----	36.65
Hardenbergh -----	7.13	Shandaken -----	45.01
Hurley -----	126.03	Shawangunk -----	8.80
Kingston -----	206.06	Ulster -----	69.02
Marbletown -----	57.32	Wawarsing -----	114.55
Olive -----	3.20	Woodstock -----	92.70
Plattekill -----	6.35		
Total -----			\$814.71

and we find the same correct; all of which said amounts the several Towns have agreed to pay out of moneys on hand, except in the case of the Town of Kingston, in which said Town it will be necessary to raise the amount by a tax levy.

We, therefore, recommend that there be assessed and levied upon the taxable property of the Town of Kingston the sum of \$206.06, and that the same be paid to the Supervisor of said Town, to be by him paid to the Conservation Commission of the State of New York for expenses of fighting forest fires.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON COUNTY TREASURER AND SEALER.

To the Board of Supervisors, Kingston, N. Y.

Gentlemen: We have examined the annual report of the Treasurer of Ulster County for the year from November 1st, 1925 to October 31st, 1926, and upon comparing the same with the books of the County Treasurer's office we find said report to be correct in every respect. We have also examined the report of the County Treasurer as to the bonded debt of the County and we find same correct.

We recommend that the sum of \$35,000.00 be raised and appropriated for the Court and Jury Fund for the coming year; that the sum of \$1,000.00 be raised and appropriated for printing the proceedings of this Board of Supervisors for the year 1926; that the sum of \$1,215.03 be raised and appropriated to pay Ulster County's share of the Employees Retirement System Fund of the State for the year 1926; that the sum of \$3,000.00 be raised and appropriated to pay for bounties on Bob Cats, Jack Rabbits and Foxes; that the sum of \$15,575.00 be raised and appropriated to pay County Highway Bonds and interest coming due in 1927 and that the further sum of \$8,620.00 be raised and appropriated to pay General County Bonds and interest coming due in 1927.

The books of the County Treasurer show that he has received the sum of \$11,406.83 in receipts of County Clerk's office and the sum of \$413.25 from the Sheriff for transporting prisoners during the past year and we recommend that these two amounts be transferred to Salary Account to apply on payment of salaries of Sheriff and County Clerk and their assistants for the coming year.

The books of the County Treasurer show the following credit balances, which we recommend that he be empowered and directed to transfer to the General Fund:

Court Fines -----	\$ 4,508.00
Carrying Revolver Permits -----	149.50
Returned School Taxes -----	1,093.62
Auto fees from County Clerk -----	6,892.60
Returned Tax Expenses -----	1,661.69
Marriage License Fees -----	592.00
General Interest Account -----	7,022.48
Real Estate Agents fees -----	32.50

The books of the County Treasurer show that the following Towns are in arrears to the County Treasury on account of unpaid and rejected taxes to the following amounts, and we recommend that the following Towns raise the amounts set opposite their respective names to reimburse the County on account of such unpaid and rejected taxes:

Gardiner -----	\$ 138.67	Rosendale -----	\$ 278.10
Hardenbergh -----	449.18	Saugerties -----	555.35
Hurley -----	1,034.86	Shandaken -----	1,554.88
Lloyd -----	311.44	Ulster -----	303.18
New Paltz -----	992.76	Woodstock -----	463.91
Total -----		\$6,082.33	

We recommend that the sum of \$1,000.00 be raised and appropriated to pay for burials of deceased soldiers and sailors and their widows.

Our examination of the County Treasurer's office shows the County finances to be in excellent condition and we commend the careful and businesslike manner in which the affairs of this important office are conducted by the County Treasurer and his assistants.

We have examined all bills presented to us and have audited the same as appears by the annexed abstract; each of said claims being, in the opinion of your Committee, a just and legal charge against the County of Ulster to the amount indicated in the column headed "Allowed," and your Committee recommends that each of said claims be audited and allowed at the amounts as indicated on the abstract hereto annexed and made a part hereof.

Whole amount claimed-----	\$ 316.60
Whole amount allowed-----	316.60

All of which is respectfully submitted.

Dated, Kingston, N. Y., December 1st, 1926.

REPORT OF COMMITTEE ON SUPERINTENDENT OF THE POOR.

To the Board of Supervisors of Ulster County:

Gentlemen: Your Committee on Accounts of the Superintendent of the Poor of Ulster County reports as follows:

We have examined the accounts and vouchers, and the annual report of Lester L. Sagendorf, Superintendent of the Poor, which were referred to us, for the current year, and have found them correct in every particular, and they are filed herewith and form a part of this report.

Your Committee further reports that they have visited the County Poor House and Farm at different times and, always found the same in each and every department in the best possible condition.

We find that the cost of maintenance to the several Towns for the past year, as apportioned by Superintendent Sagendorf was as follows:

Denning -----	Nothing	Plattekill -----	\$ 231.00
Esopus -----	\$ 316.26	Rochester -----	125.79
Gardiner -----	176.19	Rosendale -----	452.34
Hardenbergh -----	229.95	Saugerties -----	410.13
Hurley -----	153.30	Shandaken -----	229.95
Kingston -----	Nothing	Shawangunk -----	142.80
Lloyd -----	241.08	Ulster -----	207.69
Marbletown -----	508.62	Wawarsing -----	583.17
Marlborough -----	577.50	Woodstock -----	76.65
New Paltz -----	384.93	County -----	356.79
Olive -----	Nothing		
Total -----			\$5,404.14

We recommend that said amounts be assessed and levied upon the taxable property of the several Towns, as above set forth.

We recommend that there be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, for the ensuing year, the following amount:

For support of County paupers, upkeep of buildings, salaries	
at County Farm and Hospital -----	\$ 15,356.79
For repairs and improvements -----	3,000.00

Your Committee further reports that we have examined all claims and accounts of the various asylums, hospitals, and institutions presented against the County of Ulster, the several Towns and the City of Kingston for the year 1926 and find the amount due such institutions, as appears by the annexed abstract, to be the sum of \$5,759.15; that we have examined all other accounts presented against the County of Ulster, the several Towns and the City of Kingston, which are set forth in the annexed abstract; that each of said claims, in the opinion of your Committee, is a just and legal charge against the County of Ulster, the several Towns and the City of Kingston to the amount indicated in the column headed "Allowed," and your Committee, therefore recommends, that each of said claims be audited at the amounts so indicated on said abstract hereto annexed and made a part hereof.

Which sum of \$5,759.15 should be apportioned and levied as follows:

On the County of Ulster -----	\$ 451.67
On the Town of Esopus -----	8.00
On the Town of Gardiner -----	554.73
On the Town of Hurley -----	20.00
On the City of Kingston -----	479.37
On the Town of Lloyd -----	20.00
On the Town of Marbletown -----	100.00
On the Town of Marlborough -----	298.98
On the Town of New Paltz -----	50.00
On the Town of Plattekill -----	64.00
On the Town of Rochester -----	20.00
On the Town of Rosendale -----	50.00
On the Town of Saugerties -----	3,347.45
On the Town of Shawangunk -----	20.00
On the Town of Ulster -----	194.95
On the Town of Wawarsing -----	40.00
On the Town of Woodstock -----	40.00
 Total -----	 \$ 5,759.15

Your Committee recommends, that the County Superintendent of the Poor be empowered to contract with the Industrial Home of Kingston, N. Y., for the coming year, and that there be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, the sum of \$410.98 to pay bills for the ensuing year presented by the Industrial Home of Kingston, N. Y., pursuant to contract, and to pay

bills of boarding homes, which amount, together with the amounts hereafter assessed upon the various Towns and the County, will be sufficient for the purpose; that the sum of \$5,759.15 be assessed and levied upon the taxable property of the County of Ulster, the City of Kingston, and the various Towns set forth, for the payment of bills set forth in abstract hereto annexed; that the said sum of \$5,047.35 be assessed and levied upon the taxable property of the various Towns of the County in accordance with the apportionment hereinbefore set forth for the cost of maintenance of the paupers of the several Towns; and that the sum of \$18,356.79 be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, for the maintenance of the County Poor House and Farm.

We find from the Report of the County Superintendent of the Poor that there has been expended during the past year for the care and maintenance of children in the Industrial Home and in Boarding Homes on behalf of the several Towns of the County, and the County at large the following amounts, to-wit:

For the Town of Esopus -----	\$ 417.06
For the Town of Gardiner -----	17.66
For the Town of Hardenbergh -----	158.58
For the Town of Hurley -----	24.00
For the Town of Lloyd -----	941.29
For the Town of Marbletown -----	411.11
For the Town of New Paltz -----	323.54
For the Town of Plattekill -----	37.60
For the Town of Rochester -----	316.66
For the Town of Saugerties -----	822.69
For the Town of Shandaken -----	288.78
For the Town of Shawangunk -----	232.91
For the Town of Ulster -----	112.51
For the Town of Wawarsing -----	1,484.63
For the County of Ulster -----	410.98
 Total -----	 \$ 6,000.00

We, therefore, recommend that the several amounts above set forth be assessed and levied upon the several Towns, and the County outside of the City of Kingston, and paid to the County Treasurer, to be by him placed to the credit of the Superintendent of the Poor Account, to pay bills of the Industrial Home of Kingston, and Boarding Homes, during the coming year.

During our visitations at the Poor Farm and from such information as we have from the County Superintendent and employees, we find that the water supply is very inadequate both for domestic purposes and for fire protection, and we therefore recommend that this committee be empowered to employ an engineer to look into the conditions of the water supply to see if it will not be possible by erecting a higher dam or additional dams to secure a reserve supply which will be adequate for domestic use and for fire protection.

Dated, December 3rd, 1926.

Respectfully submitted,

PHILIP SCHANTZ,
JAMES A. SIMPSON,
WM. E. AVERY,
JOHN D. RIPPERT,
DANIEL SHAW,

REPORT OF COMMITTEE ON APPROPRIATIONS.

Your Committee on Appropriations respectfully reports that in its opinion, the following appropriations will be necessary to meet the expenditures of this County for the ensuing fiscal year in payment of:

1. Contributions required by law to be made by tax upon this County for the expenses of the State Government, of the Third Judicial District, and of the Third Military District, or by law and act of this Board for other purposes extraneous to County government.

2. Salaries of officers and employees heretofore authorized by this Board as shown by the report of the Committee on County Officers and Compensations.

3. Claims audited and allowed by this Board as shown by the Statements to this committee by the several auditing committees.

4. Claims to be audited at sessions of this Board prior to the next ensuing annual session, claims to be audited by the Superintendent of the Poor, certificates of the County Clerk and other officers of the courts, and other current expenses to be paid prior to the next ensuing tax levy. The amount specified for each of these purposes is based upon an estimate of a county officer, modified and recommended by the committee of this Board in direct charge of such department, subject to such adjustment as seems necessary and advisable to this committee.

5. Amounts to become due under contracts executed in behalf of this County.

6. The amount required by law to be paid by this County for the State Highway Sinking Fund, for the retirement of State bonds issued for construction of County Highways of this County and for the interest on the bonds so issued.

7. County indebtedness maturing and interest payable as shown by the reports of the County Clerk and County Treasurer.

8. Appropriations by this Board for other specific purposes and estimated amounts not included above and required by unforeseen contingencies.

Your committee further reports that from the report of the County Treasurer, the receipts of the previous year and other information available, it estimates that the amounts indicated will be available from various sources specified to the expenditures for the above purposes and such amounts are deducted from the estimated amounts required in fixing the amounts to be raised for each fund by tax levy.

NEW PALTZ.

Settled in the year 1677. Twelve persons purchased of the Esopus Indians a tract of land twelve miles square, for which they obtained a patent during the administration of Governor Andros. These persons were the Twelve Patentees, and they and their successors in office, duly elected by their descendants exercised the functions of officials in all public matters until about the year 1751. These officials were sometimes called "The Dazine," or "Twelve Men," and were annually elected for a long period after the first regular election of town officers. The original patentees were Lewis DuBois, Christian Deyo, Abraham Hasbroucq, Andries Lefever, Jean Brocq, Pierie Deyo, Lawrence Beverie, Anthony Crespel, Abraham DuBois, Hugo Frere, Isaac DuBois and Simon Lefever. The first record of the election of town officers dates in the year 1751. A part of Hurley was annexed February 2, 1809.
